Professional Summary

Python Backend Developer with experience building secure, scalable, and user-friendly web applications using Python, Django, Django REST Framework, PostgreSQL, and SQLite. Skilled in developing RESTful APIs, authentication systems, database design, and responsive web applications. Passionate about writing clean, maintainable code and continuously improving technical skills while contributing to real-world software solutions.

Technical Skills

Languages: Python, JavaScript, HTML5, CSS3

Frameworks: Django, Django REST Framework

Databases: PostgreSQL, SQLite

Tools: Git, GitHub, VS Code, Postman, Django Admin, Render

Core Competencies

- REST API Development
- Authentication & Authorization
- CRUD Application Development
- Database Design
- Responsive Web Development
- Version Control with Git
- Problem Solving

Projects

Portfolio Website

Technologies: Python, Django, HTML, CSS, JavaScript, SQLite

Developed a responsive portfolio website showcasing projects and backend development skills.

- User authentication (Register/Login/Logout)
- Dynamic project showcase
- Contact form with Gmail email integration
- Resume download functionality
- Responsive mobile-friendly design
- Project management via Django Admin

- Clean, professional user interface

Hospital Management System

Technologies: Python, Django, SQLite

Built a hospital management application to simplify hospital record management and administrative workflows.

- Patient management
- Doctor management
- Appointment scheduling
- Secure admin dashboard

Online Food Ordering System

Technologies: Python, Django, HTML, CSS, JavaScript

Developed an online food ordering platform.

- Food catalogue
- Cart system
- Order management
- User-friendly interface

Student Result Management System

Technologies: Python, Django

Designed a web application for managing student academic records and results.

- Student records
- Result computation
- Admin management
- Database integration

Education

Bachelor of Science (B.Sc.) Computer Science

Michael Okpara University of Agriculture, Umudike

2020 – 2024

Certifications

- Python Programming — LearnFactory Academy (2026)
- Django Web Development — LearnFactory Academy (2026)
- Git & GitHub Essentials — LearnFactory Academy (2026)
- Node.js — LearnFactory Academy (2026)
- React — LearnFactory Academy (2026)

- Responsive Web Design — freeCodeCamp (2025)
- JavaScript Algorithms and Data Structures — freeCodeCamp (2025)

Soft Skills

Problem Solving • Team Collaboration • Communication • Time Management • Attention to Detail • Continuous Learning

Languages

English (Fluent)

Interests

Backend Web Development • REST API Development • Database Design • Software Engineering • Cloud Deployment
